Dear Doctor,

Your patient is booked to have intravenous sedation for a dental procedure.

I have consulted with them and completed a full medical history. Following which I have deemed them suitable to undergo the procedure under sedation pending your evaluation of the following:

- 1) Auscultation of the lung
- 2) Auscultation of the heart
- 3) Oxygen saturation reading
- 4) Blood pressure reading
- 5) 12 Lead ECG
- 6) To your knowledge has or should the patient be tested for COVID 19

Please forward the above to me at your earliest convenience at:

jefffield61@gmail.com
or fax to 03-55232565

Thanking you in advance for your help.

Dr. Jeffrey Elliot Field HBSc.,DDS,
Fellow Of the American Dental Society of Anesthesia,
Diplomat of the National Dental Board of Anesthesia of the American Dental Association.
